

MYSTERY NASCAR LEAGUE

2025

Welcome to our 20th season of the mystery fantasy league. In this league, you will choose starting positions to determine which car you will have each race. The object is to score the most points throughout the 2025 racing season.

PRICE: \$25.00 PER TEAM (covers the entire season) **PAYMENT MUST BE PAID BY DEADLINE!**

RULES:

There are 36 races on the Nascar Cup schedule. You are to choose a starting position for each race using numbers 1 thru 36. Each starting position may only be used once and all numbers 1 thru 36 must be used throughout the season. Be careful and double check for any duplications before turning in entry form. Please write your selections clearly on your entry form. If you duplicate a pick, you will be scored in this fashion: You will score points the first time the number comes up during the season. When that same pick comes up later in the season, you will automatically get the number that was not used on your entry. If you have more than one duplication, you will automatically get the number that appears in numerical order first that was not used on your entry, and so on for the other duplicate picks. This will prevent anyone from scoring zero points in this league.

In this league, your starting position will determine which car you will have for each race, no matter who is driving that car. Your starting position will be determined by the official race lineup on race day. You score points for whatever car is in your starting position, no matter who is driving it. This league is based on car, not driver. It is very possible that you could score points for the same car several times throughout the year. Note: sometimes a car will go to the rear of the field during the pace laps to start a race (engine change, driver change, etc.). This does not affect the original lineup. If you are still not sure which car you had, the official race results on nascar.com will show the official starting positions. This is what we use to determine which car you have.

*****Note: scoring system for 2025! Using points system that NASCAR used last 7 seasons including stage points. See chart on starting position list page. If NASCAR changes points system before the season starts, we may change as well. We will inform you if that happens.** There are no points for qualifying in this league. We will score points based on the official race results on nascar.com and/or jayski.com usually posted within two days after a race.

There is no trading in this league. All picks for all races are to be completed before the first race. Everyone will get a copy of everyone's picks so you can follow along during the season. Copies of everyone's picks should be ready by the first race (not a guarantee, but will try my best).

Note: You **can** make any changes to your picks as long as it is done **before** the deadline. Once the deadline has passed, all picks are locked in. You must notify me by phone or e-mail to make your changes before the deadline.

Should there be a race where 35 or fewer cars start a race, you will still score points for the last place starter should you have a pick that is higher than the numbers of cars in the race. For example, if only 35 cars start the race and you picked starting position 36, you would be scored for starting position 35.

ENTRIES MUST BE RECEIVED BY TUESDAY FEB. 11, 2025 OR HAVE A POSTMARK OF NO LATER THAN FEB. 11, 2025. ABSOLUTELY NO ENTRIES WILL BE ACCEPTED AFTER FEB. 11, 2025 SO MAKE SURE YOU GET YOUR ENTRY IN EARLY.

If a driver is penalized points for any reason after the official race results are posted, it will not affect this league.

If you would like to have the weekly point standings e-mailed to you, please enter your e-mail address on the entry form (please print clearly). E-mails that come back as undeliverable for two consecutive weeks will be dropped from the mailing list. I will try to have results ready by Wednesday each week as long as my schedule allows me to do so.

You can view the point standings on our website instead of receiving weekly emails (www.phoenixraceleague.com) or by accessing our new Facebook group page (Phoenix Fantasy NASCAR Leagues).

*****Note: The website subscription will expire in mid-September 2025. You will still be able to use the website until then. The cost to run the website has nearly doubled since just a few years ago and is no longer cost effective for us. We do have an alternative way to view the standings each week other than email. We have created a group page on Facebook called Phoenix Fantasy NASCAR Leagues. This is a public group and you can view the standings whether you join or not. You will still receive standings via email as usual.**

Entry fee is \$25.00 per team for the entire season. Checks or money orders should be made payable to Phoenix Engine Company #4, 359 North St. Middletown, N.Y. 10940.

Prize amounts will be determined by the number of entries received with 75% going back to the players, while the other 25% goes to our fire company as a fund raiser. Prize list will be included with the copy of everyone's picks. Final point standings become official seven days after the last race. Winners will be paid approx. ten days after the last race..

If you have any questions throughout the season, or would like to point out a scoring error, you may contact me on my cell 845-341-7205. Good Luck!
