NASCAR LEAGUE 2025

There are 102 players in this year's league. The following is the prize list:

1st Place - \$900
2nd Place - \$500
3rd Place - \$300
4th Place - \$150
5th Place - \$100

Bonus Prizes:

Pole Award – player picking most drivers starting first - \$25
Victory Award – player picking most race winners - \$25
Last Place - \$25.00

Attached is a copy of everyone's picks. Here's how it works:

Each player/team name has been assigned an entry number (pretty much in the order I received them). One sheet has all the player/team names with their entry#. The other sheets have the entry# with their driver#. The driver# used is also the driver's current car#. **PLEASE NOTE THAT THIS IS FOR REFERENCE ONLY!!** We did this to try to simplify entering the picks in the computer. It's easier and faster to type car numbers than it is to type the driver's names. Each player's entry# will also appear on the point standings each week, which should make it easier to follow along.

***Note: Ties for all positions & prizes will be broken this way: most points scored in the first race. If still tied, most points in the second race and so on. If tie can not be broken, tied players will split prize.

***If you kept a copy of your entry before submitting, check your sheet to make sure your picks match the list I typed and let me know of any discrepancies so I can correct them if needed.

We will score points based on the official race results on nascar.com and/or jayski.com usually posted within two days after a race.

Listed on the next page are the driver#s used as reference only for copies of everyone's picks. Any questions, please call my cell at 845-341-7205.

Thank you and good luck to everyone! George Reeder
